FOREWORD

I warmly congratulate Dr. J. S. Dorton and all those associated with him in the management of the State Fair last year. It was a splendid success from start to finish. I am expecting the Fair for 1939 to surpass all former efforts.

The State Fair is rapidly becoming representative of the whole State. The products of every section are on exhibit. The choice specimens of a great agricultural section may be found in the great diversity of things grown on the farms from Murphy to Manteo, and the extremities of the Commonwealth meet at Raleigh and mingle with the people from Central and Piedmont Carolina.

The cattle, hog, and dairying industry are all represented, indicating the great advance North Carolina is making in this important field of agricultural endeavor.

It is gratifying likewise to notice the enlarged industrial exhibit and the fine display of manufactured products, together with the educational display revealing a Commonwealth thoroughly educationally minded.

I bid the whole State welcome to the State Fair of 1939.

Yours very truly,

ANNOUNCEMENT

We are again privileged to present to the people of North Carolina this catalog containing our offerings in valuable premium awards and attractions of merit.

The North Carolina State Fair, we feel, holds and fills an important place in the life of the people of our State. Here should be shown and exemplified the finer things of the farms, schools, factories and all other branches of endeavor at which North Carolinians work and earn their livelihood. The villages, towns, cities and counties should here join hands in showing to all North Carolinians, and through them to all the world, the unlimited wealth and resources of our State.

To the advancement of this State and her interests and endeavors the North Carolina State Fair dedicates this booklet and its every effort and resource.

We bespeak for this your fair, the greatest in its history, and that you who read this will continue to lend your splendid support and coöperation toward that goal is our sincere wish.

Cordially yours,

J. S. DORTON, *Manager,
N. C. State Fair.*

THE NORTH CAROLINA STATE FAIR PRESENTS THE FOLLOWING GRANDSTAND, RACE- TRACK AND MIDWAY ATTRACTIONS

Featuring

FANTASIES OF 1939—A gay and gorgeous 1939 issue of one of the most magnetic musical comedies in modern stage history. A challenge to production supremacy. This delightful revue flashes across the stage unfolding scene after scene of bewitching beauty with kaleidoscopic swiftness. Glamorous girls beautifully costumed, and augmented by the most brilliant and modernistic scenery and talent of highest merit, make this the Revue Superb—the show hit of tomorrow. The ensemble has been selected through a process of most discriminating elimination, and the same

Electric Service *and The* **Southern Farmer**

The rapid extension of electric service to farm communities, made possible through the increased number of uses for electric service in the home and on the farm, is bringing a new day of opportunity to Southern farm families.

Electric service may be used not only to the convenience and comfort, but to the profit of the dairymen, the poultryman, the livestock raiser, the plant grower, fruit grower, and the trucker. And it just happens that these are the farming operations to which our farmers, faced with drastic curtailments of tobacco and cotton acreages, may most logically turn for increased income and purchasing power.

Only a few years ago electric refrigeration equipment, sterilizers and water heaters for dairies were unheard of. No one thought of using lights and water warmers and electric brooders for poultry. Electric hotbeds for plant growers, florists, and truckers were naught but a dream, if that.

Today, dairies are using not only refrigeration equipment, but electric sterilizers, water heaters, feed grinders, and water systems, and saving and making money by doing so.

Poultrymen are finding it profitable to use electric brooders, feed mills, and, in winter, electric lights and electric water warmers.

Plant growers and truckers are using electric service profitably for electric hot-beds, for curing potatoes, and for other operations. (Experts of the South Carolina Extension Service estimate that the farmers of that State can increase their income on sweet potatoes alone by \$2,000,000 a year through the use of electric service.)

The Duke Power Company is pleased to make so important a contribution to the farmers of the area it serves during this period of revolution in the agricultural policy of this section.

is true of the principal talent, wardrobe and lighting arrangements. Everything new in this Show Beautiful.

THE GREAT BEROSINI TROUPE — A new European Importation of Renowned Comedy Daredevils, blending the ridiculous and the sublime in feats of acrobatic balancing, dexteriously performed in the clouds. A grand symphony of nerve tingling merriment fearlessly and faultlessly performed, revealing the mastery of the art of wire walking.

DONATELLA BROTHERS AND CARMEN—An enticing musical and dancing creation. A sensational dancing acrobatic and novelty number, featuring instrumental stars using piano, accordion, the tambourine and the shepherd's horn as played by Pietro Donatella and the amazing tambourine playing of Rose Donatella, together with the distinctive rhythmic acrobatics by the beautiful Carmen—the variety combination which has played every major circuit in the world and has earned the title "The Peers of Rhythm."

THE GREAT PETERS—In his marvelous feats of sheer nerve, featuring the "Drop With the Hangman's Noose" that has made millions gasp. Presented imposingly as a phenomenal sensation by Ringling Bros.-Barnum & Bailey.

O'DONNELL & BLAIR—A roaring river of mirth—a priceless comedy classic by four men and a girl, known as "The Plasterers."

FIVE HERZOGENS—Charming is the epithet and clever is the rating that this lovely quintette of aerial stars deserve in full measure. A unique novelty number where five artists perform dangerous and sensational difficult routine in simultaneous precision high in midair. The "Quins" of the Flying Trapeze.

THE WINDSORETTES—In a spectacular whirlwind tumbling act, astounding for speed and skill. The fastest and most animated tumbling act on tour.

WOOLFORD'S DACHSHUNDS—The act that stands alone in the field of canine supremacy, has won instantaneous acclaim wherever shown. These famous dogs offer sparkling comedy acts, skillfully developed circus formations and a routine that only the blue-bloods of the animal kingdom would be expected to perform.

DON DEL MONTE—In their first American appearance—sensational high leapers on the tight wire. Introducing Del Monte's original artistic and burlesque dance interpretations on the steel thread. A revelation in the art of wire balancing.

MAC'S TRAINED STEERS—Bovine Wonder Workers. The only act of its kind in America, an exciting performance by the curiosities of the Bovine family—thoroughly educated in balancing and exchanges on a master see-saw. Fancy routine and poses on the ground and pedestal.

ON THE RACE TRACK

RACE DAYS—Tuesday, Thursday and Friday—Harness horse racing always a feature attraction at the State Fair. This year should prove no exception. Some of the fastest pacers and trotters from famous racing stables throughout the country will compete for our liberal stakes on these three days of the "Sport of Kings."

THRILL DAY—Wednesday, October 11th, is synonymous to a State Fair audience as "Lucky Teter's Day." On this day "Lucky" Teter and his Hell Drivers take over, and if you've never seen "Lucky" in action, you don't know the meaning of Thrill. If you have seen him you know that he produces a thrill every second. We don't apologize for repeating "Lucky" Teter year after year, because we want you to have the best in the world of Thrills and that is why "Lucky" is back. He has no equal—no superior.

AUTO RACE DAY—A. A. Sanctioned—Saturday, October 14—Under supervision of the Contest Board of the American Automobile Association, personally directed by Ralph A. Hankinson and featuring ace drivers of the nation. Every effort will be made to have a dustless track and Southern records should fall on this the fastest half mile track in the Southern States.

FIREWORKS—To many the highlight of the evening show—always beautiful, colorful, thrilling, spectacular, and with universal appeal, this year presented for the first time anywhere a completely new angle in fireworks. Using the management's own conception of the "Men from Mars"; developed in the pyrotechnic laboratories of the Ohio Display Fireworks Co., New Castle, Pa., under the direction of their president, Mr. A. T. Vitale. This feature is copyrighted. Showing in actuality the landing of the enormous spheres supposedly from Mars—upon landing the earth beneath them becomes a seething inferno; the spheres open and from them emerge the monster "Men from Mars," who proceed to destroy everything in sight with their "Ray of Light." An enormous city crumbles before their onslaught; airplanes and dirigibles sent out to combat them shrivel and

Ships at sea are melted as though of wax, and as a final climax when all else has been destroyed, the tremendous heat generated by their molten flame becomes so great that they themselves are destroyed in a climax so thrilling, so spectacular, so realistic, so alive with fire and action as to be indescribable; so weird and awe-inspiring, not easily to be forgotten.

General Information

It is anticipated that the attendance at the North Carolina State Fair this year will approximate a quarter of a million people. To serve this vast throng, it is necessary to have on the Fairgrounds, comprising over two hundred acres, a modern city, fully equipped, to make Fair visitors more comfortable.

PUBLIC SERVICES

The Southern Bell Telephone Company will maintain complete service, and toll pay stations at convenient points.

The Western Union and Postal Telegraph companies will maintain offices and complete service on the grounds.

INFORMATION BUREAU

An information bureau is maintained at the main office, where information will be given, cheerfully and reliably. We will be happy to have you use this service.

ADMISSION TO GROUNDS

The general admission is 50 cents for adults. Children under 12 years of age 25 cents, with the exception of School Day, Friday, October 13th, when all school children in North Carolina are admitted free on special tickets they will secure from their respective school superintendents. Over 900,000 free school tickets will be given to all children in school in North Carolina, and a special invitation extended to visit their State Fair.

PRESS BUREAU

A press bureau and news headquarters will be located in the main office building, with an experienced newspaper man in charge. All newspaper men and representatives of all publications are cordially invited to make this office their headquarters. It will be a pleasure to furnish authentic information of news value to all newspaper men and to render any services and courtesies possible.

OPENING AND CLOSING

The North Carolina State Fair will be formally opened Tuesday, October 10th, at 8:00 a.m. and will close Saturday, October 14th, at 11:30 p.m.

FIRST-AID STATIONS, EMERGENCY HOSPITAL AND LADIES REST ROOM

All of these services are conveniently located on the grounds, with competent attendants in charge at all times.

TRANSPORTATION

All carload shipments by freight, for exhibition purposes, should be billed as follows: For exhibit, North Carolina State Fair, Camp Polk, N. C., care S. A. L. Railway. Exhibits so billed will be delivered to grounds without extra switching charge.

The tariff rules, governing the shipment of articles for exhibition at expositions and fairs, provide for a free return of such exhibits when

accompanied by a certificate from the Secretary of the Fair, certifying that such shipment was on exhibition and the ownership of the same was not changed. Intending exhibitors should consult their local agent for particulars governing Fair shipments, as some kinds of exhibits are not returned free, and other conditions enter in if shipment is not returned direct. If your agent is unable to give you full particulars, write the Secretary of the State Fair.

Rules Governing Entries, Exhibits, and Awards

GENERAL

1. The management of the State Fair reserves the right to rule on all questions not covered by these rules.
2. In the event of conflict between the general rules and the special rules governing the various departments, the special rules will take precedence.
3. Disregard of any rule or misrepresentation by exhibitor or concessionaire forfeits all premiums, rights and privileges, without recourse.
4. The management will use diligence to insure the safety of livestock and articles entered for exhibition or display after their arrival on the grounds, but under no circumstances will it be responsible for loss, injury, theft, or damage by fire, lightning, wind, or any other agency, to such livestock or article on exhibition or display.
5. Exhibitors must place all exhibits under the direction of the Superintendent in charge, and in no case can they be removed until the close of the Fair.
6. Promiscuous advertising is strictly prohibited. Exhibitors may advertise and distribute from their places of exhibit only. The distribution of advertising matter that conflicts in any manner with a concession sold by the management is prohibited.
7. No peddling, hawking or selling of any kind will be allowed in the buildings or on the grounds, except by special licenses obtained from the Secretary.
8. Drunkenness, quarreling or the use of profane or obscene language will not be allowed on the grounds.
9. The Fair will use every possible means to protect property. BUT WILL NOT BE RESPONSIBLE FOR CARS OR PARTS OF CARS, OR ARTICLES LEFT IN CARS.
10. No begging will be allowed on the grounds.
11. No article or animal will be entitled to space until proper entry has been made. After an article has been entered for a premium, it cannot be removed until Saturday, October 14th, at 4:00 p.m., without permission from the Secretary or the Director in charge of the Department; and if any person removes an article without such permission, he forfeits all claims to premiums, even if same shall have been awarded.

12. No booth will be entered until it is completed, or vouched for by the Director of the Department.

13. Each Department will be under the special charge of its Director. He will oversee the arrangements of all articles offered for exhibition in his department and have control of space assigned to him. He will receive all exhibits, take personal charge of them, and deliver the articles on presentation of check at the close of the Fair.

14. All judges will be instructed to disqualify articles entered under wrong classes.

ENTRIES

1. Competition in ALL DEPARTMENTS is limited to North Carolina.

2. Entries will be received at the office of the Secretary any time after October 1.

Entries in the various departments close on the following dates:

Livestock, Saturday, October 7th.

Poultry, Wednesday, October 4th.

Flowers, Wednesday, October 11th, 1:00 p.m.

All other departments, Saturday, October 7th, 6:00 p.m.

In order to have the records ready for the judges, it is important that entries in all departments be made at the time designated above.

3. Entries in all departments must be made on printed forms provided by the Secretary for that purpose, and must be in full compliance with the printed instructions on same. These forms are mailed with copies of the Premium List. Exhibitors should study the list carefully, and when decision has been made in which classes to enter, they should fill out the entry blank with class number, Premium List number, and name, as they appear in the Premium Book.

Entries must be made at the office of the Secretary, in person or by mail. Remember that articles must be entered before being sent in for exhibit. No entry will be taken at the time of the Fair unless there has been some mistake in copying the original entry, in which case correction can be made only in the office of the Secretary.

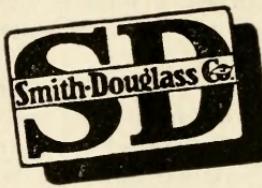

If records are altered and do not conform with the entries on file, payment of premiums will be withheld.

The right is reserved to reject any entry offered.

4. All entries, except get of sire and produce of dam in Dairy Cattle Department, must be made in the name of the bona fide owner. In order that a permanent record be on file, it is essential that the name and record number or record number and ear-tag number be given of all animals entered. Entries will not be accepted unless this information is furnished at time of making entry. All animals in the cattle, swine, and sheep breeding classes over six months old must be recorded and appear in the name of the exhibitor on the records of their respective associations. In the case of young animals, the date of birth and name and record number of sire and dam must be given.

All livestock, including cattle, swine and sheep, except get of sire and produce of dam in Dairy Cattle Department, must be owned by the exhibitor not less than sixty days prior to the opening of the State Fair.

Fertilizers for Tobacco, Truck, Cotton, Peanuts, Grain.

5. Misrepresentation as to breeding and irregularity in showing will be exposed, and any premium won by such exhibitors will be withheld.

6. A firm, to be entitled to exhibit as such, must have been organized for a time not less than thirty days preceding the closing of entries, and such firm must be organized as a bona fide firm for the purpose of producing or buying and selling the animals or articles they propose to exhibit in the name of such firm. A firm will be regarded as one exhibitor.

7. Incomplete entries will be returned for correction, if there is time to do so. Exhibitors are urged to enter early and to use great care in filling out entry blanks, being particular to give all the information requested on the blanks, in clear terms, easily understood. This will save work and annoyance for both exhibitors and management.

8. All exhibits must be in place by 10:00 o'clock a.m., Tuesday, October 10th. Grounds will be open to receive exhibits one week before the Fair opens.

9. Collections and displays must be made up of specimens other than those entered in single classes, unless otherwise provided for.

10. All livestock on exhibition must be cared for by the exhibitor. All stalls and pens will be well bedded before the Fair, free of charge. Thereafter exhibitors will be required to furnish their own bedding. Feed and straw will be on sale on the grounds at reasonable prices.

11. All articles and livestock must be delivered to the grounds. No charge for transportation, express, freight, or drayage will be paid by the Fair.

EXHIBITS

1. The same article cannot compete for two or more premium numbers, except sweepstakes, or when otherwise stated in the head notes in the department in which it is exhibited.

2. All entries must be numbered and recorded in the books of the proper department and class, and corresponding tags will be issued, which must be attached to exhibit before such can be placed on exhibition.

3. No person will be allowed to see the entries or have access to the entry book, until after the awards have been made.

4. Exhibitors must see to the delivery of any articles or livestock on the grounds, and to the proper care of the latter, as no charges for transportation or drayage will be paid by the Fair.

5. SPECIAL NOTICE.—All exhibits must be in place and fully installed by Monday, October 9th, 1939, to receive attention from the awarding judges. Exhibitors can have the use of the halls and grounds for any reasonable number of days before the opening day proper, for the arranging and placing of their exhibits, hence there is no good reason for delay.

6. Exhibitors should make themselves acquainted with the Premium List and Regulations, and be sure in what department and class their entries belong.

7. The original entry card must in all cases be attached to the exhibit except in the case of animals, when the card may be conspicuously displayed upon the stall or pen.

8. All exhibits sent by freight or express must be prepaid, and all plainly marked to "Secretary State Fair, Raleigh, N. C." It must also have the shipper's name and address on them and accompanied by bill of lading, that they may be properly cared for.

9. All exhibitors expecting to enter county booths are urged to report same to Secretary not later than September 25th, that proper space may be reserved for same.

10. Entries made in wrong classes may be reclassified at the request of judges, provided the reclassification is approved by the Director of the department.

11. Where there is only one entry in a class, it will receive second premium, unless otherwise stated elsewhere.

PASSES

Passes are issued only to exhibitors who must be in constant attendance on their exhibits. Or, as a courtesy for some service rendered the State Fair for which we are unable to pay. To these we are grateful, and ask that you confine the use of this pass to the person to whom it is issued.

PATRONS

Patrons are requested to report any discourtesies from any gateman or employe, also to make any constructive criticisms or offer helpful suggestions toward bettering any part or department of this, your State Fair. If for any reason there is a misunderstanding about admissions at gates, on passes or otherwise, please pay the gateman the regular admission asked, take a receipt for same, and come direct to the Secretary's office. This will save you time and avoid unnecessary blocking of traffic at the gates, which is always heavy. Remember that the men on the gates are working on strict orders from the office and are not allowed to vary from them.

INSTRUCTIONS TO DEPARTMENT DIRECTORS

1. No director of any department will be permitted to employ help without written permission from the management. An order for all supplies must be obtained from the management. All bills must be obtained at time of delivery by department heads and OK'd by them.

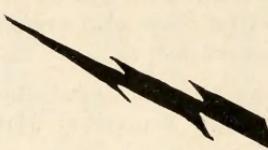

2. Directors will receive all property entered for exhibition and see that tags are securely attached, and arrange such property in a suitable and attractive manner.

3. They will also see that property is not removed before appointed time, and that the checks are detached from property when removed, as a means to prevent frauds and mistakes by such removals.

4. They will see that their departments are kept clean and orderly at all times.

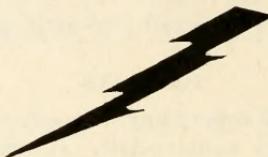

5. Directors are POSITIVELY forbidden to make suggestions or interfere with the judges in any way whatsoever.

6. Directors and others connected with the State Fair and their immediate families are prohibited from exhibiting in their respective departments.

JUDGES

1. The judges of awards, when ready for duty, shall be furnished by the Secretary with a list of all entries in their respective departments, and books in which their awards are to be recorded.
2. Judges are especially instructed not to award premiums to any animal or article because of its presence. It must be individually worthy. It is not the policy of this Fair to encourage indifferent production of any kind, or to distribute premiums equally among exhibitors, and no premiums should be awarded to any animal or article that does not possess high intrinsic merit.
3. The director in charge shall attend the judges when making the examinations in his respective department, and furnish them with any desired information. Premiums will not be paid parties having exhibits where it is proven that they accompanied the judges when awarding the premiums. As the awards are made, the director will attach the ribbon indicating the award.
4. Decisions of judges will be considered as final, and no appeal will be considered except in cases of protest in writing, with strong evidence of fraud or violation of the rules of the Fair, which may be filed with the management before the premiums have been presented.
5. Reports must be signed by each judge in his own handwriting, but judges cannot award premiums to articles not in the regular Premium List.
6. The exhibition of articles or animals not mentioned in the regular Premium List is solicited. These will be properly judged and reported on by the judges, and ribbons attached, but no money will be awarded.
7. With the permission of the director, judges may have wrong entries reclassified.
8. Judges will award second premiums on all single exhibits, unless otherwise stated.

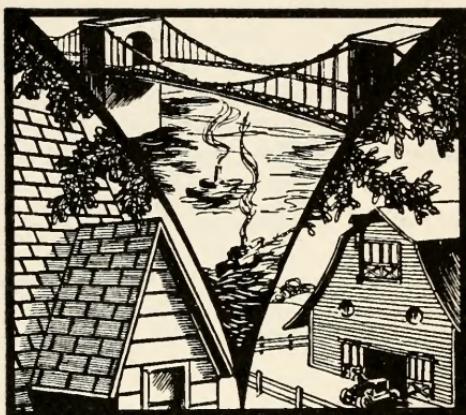

FEES

1. All applications for stalls and pens must be noted on entry blanks at time of filing. Exhibitors must indicate on the blank the number of animals or birds they will exhibit. This request is important, that ample provision may be made to properly house the exhibit.
2. Reservations will not be made unless accompanied by the required fee. Assignments will be made by the superintendent in charge.
3. The following fees will govern, and remittances covering same should accompany entry:

Cattle, each animal (regardless of age).....	\$1.00
Swine, pen	1.00
Sheep, pen	1.00
Poultry, single bird, special class.....	.25
Poultry, trio, special class.....	.75
Poultry, single bird, regular class.....	.25

If more than one stall is used for any animal, an additional charge must be paid.

COUNTY PROGRESS EXHIBITS

Department A

By F. H. JETER, *Superintendent*

For the second time, the North Carolina State Fair in 1939 will feature County Progress Exhibits. Based on the experience gained last year and from conferences held with various persons who examined the four entries made last year, certain changes have been made both in the method of scoring the exhibits by judges and in the amounts of the individual premiums.

The value of the premiums has been increased to \$2,000 to be awarded as follows:

1. First prize	\$ 650.00
Second prize	500.00
Third prize	300.00
Fourth prize	200.00
Fifth prize	100.00
Sixth prize	50.00
Seventh prize	50.00
Eighth prize	50.00
Ninth prize	50.00
Tenth prize	50.00
 Total.....	 \$2,000.00

Dividing the premium money in this way, exhibitors are assured down to tenth prize of a premium which will, in part, help to defray the expenses of bringing an exhibit to the Fair.

In judging the exhibits, the following score card will be used:

Attractiveness of Exhibit.....	35 per cent
Balanced Display	30 per cent
Representative of County.....	20 per cent
Quality of Materials.....	15 per cent
 Total.....	 100 per cent

This score card means that the exhibit should be attractively arranged, well put up and so planned that it is pleasing to the eye. Second, the display should be well balanced between agriculture, industry and education, as these three major factors may occur within a county. As was the case last year when this new department was first added to the Fair, it is the hope and purpose of the management that each exhibit entered shall be a miniature exposition of the three great leading industries of each county. Therefore, it should be the purpose of the exhibitor to try to secure a balance between each of the three phases and not paramount one over the other.

The Champion Paper and Fibre Company

(CANTON DIVISION)

CANTON, NORTH CAROLINA

MANUFACTURERS OF

Chemical Wood Pulp—Book, Bond and Envelope Paper—
Postcard, Stencil and Bristol Board—Tannic Acid—
Caustic Soda—Turpentine—Bindex (Adhesive)

The products of the Champion Fibre Company are essentially raw materials for other industries and offer an inducement to many industries, such as the publishing business, manufacture of envelopes and other paper products, to locate in North Carolina.

The Champion Fibre Company buys cordwood from farmers for cash, and in this way the farm and the factory are brought together to their mutual advantage.

ALL the Needed Plant Foods

VIRGINIA-CAROLINA
CHEMICAL CORP.

Greensboro, N. C. - Wilmington, N. C. - Norfolk, Va.

By all means, the exhibit must be representative of the county. If the leading industry should be textile manufacturing, dairy manufacturing, tobacco manufacturing, mining, tourist, beaches, lumber, or what not; then that industry or industries should receive the proper attention. Similarly, the display should devote attention to the agriculture of the county whether it be tobacco growing, cotton growing, trucking, peanuts, soybeans, orchards or a combination of these. If there is a balanced agriculture in the county, it would be well to prove this; but a conglomeration of small agricultural items displayed simply for the purpose of showing something of everything that can be grown is not desirable. A diversified farming system with gardens, dairying, hog growing, and so on balanced with cash crops and *good farming methods* is always good. Then, new factors, influences, trends and results in the field of education need to be shown.

As to quality of materials, no one will want to exhibit any material that is not of the finest quality obtainable in the county. Shoddy, low-grade materials used in the display unless for purposes of contrast will be judged accordingly.

In general then, it may be said that in the field of education should be shown the new and progressive ideals and accomplishments with schools of both grammar and high school grades with any phase of the work done in these schools under the supervision of the county or city departments of education; in the field of rural life should be exhibited improved farm and home methods showing definite accomplishments on the land by rural men and women, girls and boys, with some of the outstanding movements which have had the support of all the farm people; in the field of industrial development should be shown progress made in the major industries and commercial development of the county whether in the field of mining, manufacturing, lumbering, tourist or any other paramount industry.

These tri-purpose exhibits are being encouraged so that the great resources of North Carolina might be brought to the forefront in a fitting and comprehensive manner, and it is desired that the county home and farm agents, vocational teachers, school superintendents and principals, boards of trade and chambers of commerce, manufacturers, civic clubs and women's organizations will all have a part in planning and preparing the exhibits displayed. Substantial prizes are offered for the first five places and the judges will consider carefully, in placing the awards, whether the exhibit gives a balanced portrayal of the education, farming and industrial activities of the county.

It is expected that the three phases of the exhibit shall be attractively displayed with representative materials secured within the borders of the county entered.

The exhibit should be planned to cover 30 running feet of space. The height can be 10 feet to the window sills on the back wall and the side walls and back may be arranged as the exhibitor sees fit. Since exhibits of this kind require much space, reservations should be made promptly.

REDUCE YOUR FERTILIZER BILL

1. Increase plant food content of fertilizers to 18 or 24 per cent.

2. Use soluble, leaching-resistant sources of nitrogen.

3. Reduce number of grades of fertilizers.

4. Grow cover-crops for organic matter.

A VERY substantial reduction in the South's fertilizer bill is possible—from two to four million dollars in North Carolina alone, according to official estimates—by adoption of the above four-point plan. The United States Department of Agriculture and a number of Southern Experiment Stations have taken the lead in recommending such fertilizers as 6-8-4 and 6-8-6, which eliminate the need for nitrogen side-dressers, and which fit this four-point plan admirably.

It is essential that, for best results, the nitrogen in this type of

fertilizer be (1) completely available to the crop; (2) resistant to leaching, since it is applied at time of planting; and (3) non-acid-forming, or be supplemented with dolomite.

Many high-grade fertilizers which conform to the above four-point plan, including such analyses as 6-8-4 and 6-8-6, contain DuPont UREA NITROGEN, the completely-available, leaching-resistant source. Results from the use of such grades containing DuPont UREA NITROGEN have been uniformly satisfactory.

POTASH QUALIFIES TOBACCO for PROFITS

POTASH makes tobacco smooth and velvety—the quality which brings the extra price from buyers. This quality, together with increased yield per acre due to potash, makes this plant food important to the grower who wants to lower his unit cost of production and make more profit.

Again the official recommendations of the Tobacco Committee are high in potash. In line with these recommendations, use a

fertilizer containing 8% potash applied at the rate of 800-1,200 lbs. per acre before planting. Within 20 days after transplanting, apply a side-dressing of 50-100 lbs. of actual potash to the acre.

Your county agent or experiment station will tell you the right analysis and amount of fertilizer for your soil. Your fertilizer dealer or manufacturer will point out to you how little extra it costs to apply enough potash.

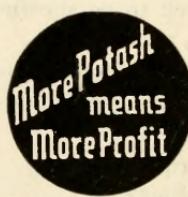

Write us for further information and literature on the profitable fertilization of Southern crops.

Note for Exhibitors: It will avoid confusion and add to the exhibitor's convenience if, so far as possible, entry blanks covering each exhibit to be entered for premiums be filled out in advance and mailed to the Secretary, North Carolina State Fair, Raleigh, N. C. When this is done the entry tags are made out in advance ready for the exhibitor on arrival. This avoids much waiting. These entry tags should be secured at the Secretary's office and presented to the superintendent of the horticultural department or his representative at the same time exhibits are delivered to the department. Entry blanks and catalogs listing the premiums classes can be secured upon application to the Secretary. Read rules governing entries, exhibits and awards, pages 21 to 33.

FRUITS AND NUTS

Judge: M. E. GARDNER, Horticulturist, State College, Raleigh, N. C.

Entries Close 12:00 Noon, Monday, October 9th, 1939

Entries open to individual growers and orchard companies of North Carolina.

Important. Each exhibitor should read the following carefully:

As far as possible, it is desirable that horticultural exhibits be brought in and set up by the growers. Where this is not possible the Superintendent will be glad to receive and place on exhibit all suitable horticultural products sent in. However, the Superintendent will not pack box, basket, or barrel entries for exhibit. These must come in already packed. All exhibits competing for premiums must be grown in the State.

In sending in fruit for exhibition, select only those specimens that are perfect in form and color, and free from all insect and fungus blemishes. Do not knock or shake off the fruit from the tree, but pick each specimen by hand, taking care not to pull out the stem.

Fruit should be exhibited as nearly as possible in its natural state, and no preference will be given highly polished fruit by the judges.

Fruit to be exhibited in trays, and in plates, should be carefully wrapped and packed. Each fruit should be wrapped separately in paper

**BASIC

LEGUMES
GROW!**

INCREASED YIELDS and better crops at low cost are convincing proof that it pays to use Tennessee Basic Slag with winter legumes.

Winter legumes are the cornerstone to soil improvement and more profitable farming in the South. Phosphorus is absolutely necessary for the successful growth of legumes, and lime is also needed for the growth of the bacteria that gathers nitrogen. Both phosphorus and lime are supplied by Basic Slag at the lowest possible cost. In addition, Basic Slag supplies manganese, magnesium oxide, iron, and silica—important elements all growing things need.

and packed firmly in box or barrel, taking care to avoid bruising. Label each variety plainly and put in paper dividers to keep varieties separated. Do not use hay, fodder, excelsior, or any other dusty material in packing. Nail up firmly.

IMPORTANT—READ

If exhibit must be shipped, address each package plainly to "State Fair, Department of Horticulture, Raleigh, N. C." Each package should be plainly marked with the name and address of the exhibitor. Each package should be plainly marked giving the class in which contents are entered.

PLATES. Plates for the variety exhibits of fruits will be furnished free by the Fair. A perfect plate of fruit should contain five specimens, and no more, characteristic of the variety, with stems attached, of high color, uniform, marketable size, free from cuts and bruises and all insect and fungus blemishes. If additional specimens are sent in by growers, the Superintendent will select and place on exhibit the best possible plate to be made from all the specimens submitted.

TRAYS. The dimensions of the trays are $11\frac{1}{2}$ x 18 x 3 inches inside measurements. The exhibitor should make a tray of the required dimensions and pack each variety to be displayed in this class, in order to know how many apples are needed. Four or five extra apples per tray should be sent in order to allow for rot and damage in transit.

BASKETS. Commercial basket apples should be graded to uniform size, high color, freedom from bruises, insect and fungus blemishes. They should be properly packed and ring faced in standard bushel baskets.

GENERAL RULES. A premium offered for a general collection of fruit will not be awarded to a mere pile of apples, or other fruit, but must be for a real collection, arranged on plates and all correctly labeled, and no fruit will be counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches or any other fruit will not be awarded for a mere number, but to the quality of the exhibit mainly. Fruit entered under the heading "Any Other Fruit" should be named, if possible, by the exhibitor.

The superintendent and judges may withhold premiums in any class where the article is not worthy. Exhibitors entering fruit which has been shown before or at other fairs will be penalized by the judges.

No article entered for competition in any one class will be permitted to compete for a premium in any other class, excepting sweepstakes. An exhibitor cannot compete for more than one prize in any class.

No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules.

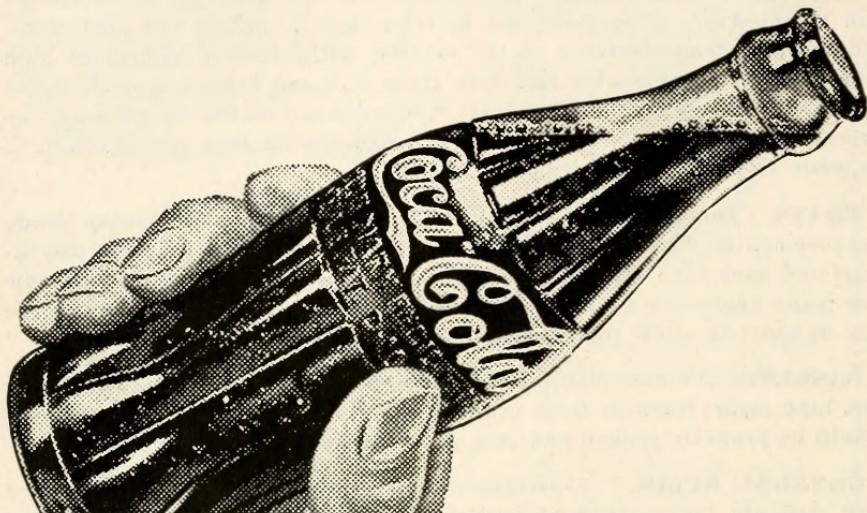

All fruit must be shipped or brought in so as to arrive at the Fair-grounds not later than Monday at 10 a.m., of Fair Week, charges prepaid.

The awards for fruits will be made as soon as possible after the opening of the Fair.

No exhibitor will be allowed to discuss exhibits with the judges, or to interfere in any way while the judges are at work.

AT THE FAIR

... and going there ...

The Drink Everybody Knows

Go to the Fair. Enjoy yourself. Coca-Cola will be there, and on the way, you'll find ice-cold Coca-Cola. For Coca-Cola has made the pause that refreshes America's favorite moment.

CAPITAL COCA-COLA BOTTLING COMPANY
RALEIGH, N. C.

All fruits shown for premiums must remain in place until the close of the Fair.

In the nomenclature of fruits, the names adopted by the American Pomological Society shall rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never before exhibited.

Read Rules governing entries, exhibits, and awards, pages 21 to 33.

....., N. C., March 10, 1939.

The Progressive Farmer,
Raleigh, N. C.

Gentlemen:

I have lost my copy of your Anniversary Number of the Progressive Farmer. My father has subscribed to your paper almost all his life. His father ahead of him subscribed to your magazine, so you see by now the Progressive Farmer is part of our family. It is a farm tool, a farm recreation, a store and church combined. This is certainly a worthwhile magazine.

I am asking if you will send me the Anniversary Number, which was issued in February a few years ago. If this is too big a favor, send me your price on the number.

Entries Close 12:00 Noon, Monday, October 9, 1939**

IMPORTANT—READ

If exhibit is shipped in, address each package plainly to "N. C. State Fair, Department of Horticulture, Raleigh, N. C." Each package should be plainly marked, giving the class numbers in which contents are entered and name and address of party making entry.

Entry blank covering the shipments should be addressed to the Secretary of the Fair and be mailed, preferably, in advance of shipment.

All varieties of vegetables entered for premiums should be well selected as to uniformity, freedom from blemishes, and trueness to type. Premiums offered for the best collection will not be awarded for the greatest number of varieties, but mainly for the quality. The Superintendent or Judge may withhold premiums in any case where the article is of inferior quality. All exhibits must be in place and arranged in the space assigned to this department by 6:00 p.m., Monday of Fair Week.

PLANTS AND FLOWERS

*Judge: J. G. WEAVER, Asst. Prof. Horticulture,
State College, Raleigh, N. C.*

**Exhibits Must Be Grown in North Carolina
Entries Close 12:00 Noon, Tuesday, October 10, 1939**

If necessary, exhibits may be shipped to the State Fair, Department of Horticulture, Raleigh, N. C., but flower exhibits are generally brought to the Fair by exhibitors, owing to their perishable nature. If shipped, they should be packed carefully and the shipment should be accompanied by an entry blank properly filled out and addressed to the State Fair. Catalogs and entry blanks may be obtained from the Secretary's office or on request by mail to the Secretary. Even when flowers or plants are being brought to the Fair, entries should be made in advance by mail addressed to the Secretary, N. C. State Fair, Raleigh, N. C., who will gladly furnish entry blanks for the purpose. When exhibits are brought to the Fair the exhibitor should call first at the desk of the entry clerk and get entry tags, then the exhibits and tags corresponding should be delivered to the Superintendent of the Department, who will put the exhibit on display. It will greatly facilitate matters for the exhibitor as well as the Fair if entries are made in advance by mail, as this permits writing up tags before the rush and having them ready for the exhibitor on arrival at the entry clerk's desk. The time for closing entries is set late (Tuesday noon) to accommodate exhibitors of cut flowers. Other exhibits, such as potted plants, bulbs, etc., should be entered earlier—not later than noon Monday of Fair Week. Exhibitors should be sure to get their claim checks as they turn over exhibits to the Department. These claim checks should be carefully kept by the exhibitor and brought back at the end of the Fair for use in claiming exhibits. The Superintendent of the Department has no other means of identifying exhibitors and cannot be expected to give out exhibits unless claim checks are presented.

POTTED PLANTS

All plants must be placed by 4:00 p.m., Monday of Fair Week.

CUT FLOWERS

Cut flowers must be in place ready for exhibition Tuesday of Fair Week by 12:00 o'clock, soon after which they will be judged. In bringing flowers to the Fair, especially dahlias, they should be carefully packed in boxes without crowding in order to preserve the petals against injury. Damage to petals, especially in the case of dahlias and roses, may affect the score when judging. Flowers should be kept from automobile drafts as much as possible when transporting. In judging classes B-164 to 171, inclusive, consideration will be given to the following points: (1) The artistic arrangement of the flowers in the container—60 points; (2) The

quality and condition of the flowers—40 points. Emphasis will not be placed on the rarity of the flowers exhibited. In these classes the exhibits must conform to dimensions or conditions stated. The dimensions refer to flowers, basket, basket handle and any ribbon or other attachment. In other words, the dimensions over all. If any dimension is greater or less than class calls for the judges will have to disqualify the entry. Exhibitors are cautioned to see that their baskets are entered in the class conforming to their size. In classes 167 to 169 the exhibit should be appropriate both as to breadth and height over all, including container, for the size of table stated. The judges will consider whether the exhibit is appropriate for its class as well as considering the artistic arrangement of flowers in the container and the quality and condition of the flowers. Except in classes B-164 to 171, inclusive, all cut flowers will be exhibited in vases.

Bulbs and Tubers

Bulb collections must consist of at least six varieties. The variety should be distinctly labeled by exhibitor and each variety displayed on separate plate to be furnished by superintendent of department or in separate compartments of an exhibit tray for the collection furnished by the exhibitor. It is suggested that exhibitors do not skin off the outer coats of Gladiolus exhibits. Plates should consist of the following number of bulbs:

Miscellaneous

This class is for the purpose of stimulating new interest. Entries should be in place by 4:00 p.m. Monday of Fair Week. Dish gardens may be arranged on plates, platters, trays, or dishes of any reasonable size. They will be judged on the basis of the craftsmanship of the exhibitor, the artistic qualities of the exhibit and the quality of materials used. The exhibits may represent Japanese gardens, landscapes, farms properly planted, homes, or any other feature. Plant materials should predominate, but any kind of material can be used. To the extent necessary, materials such as mirrors, rocks, ornaments, wood, etc., may be used. It is suggested that the exhibitor limit his exhibit to reasonable size and no exhibit should have any dimension greater than 36 inches.

The foregoing suggestions apply also to terrariums. The type of exhibit desired in this class is much like the dish gardens, except that slightly different materials should be used, the materials being placed inside a glass container covered for the purpose of maintaining moist conditions and plants preferring such moist conditions, such as mosses, ferns, etc., should be used. Credit will be given by the judges to the craftsmanship, the condition of plant materials, the number of kinds of plants in the

NEW FRUITS, FLOWERS AND VEGETABLES

The Fair solicits exhibits of new horticultural fruits, flowers or vegetables. These should be entered the same as other exhibits in this Department. They will be examined by the judges and if considered sufficiently meritorious will be judged in competition with any other similar exhibits classed as meritorious. Entries should be in place ready for exhibition and judging Tuesday of Fair Week at 12:00 o'clock and will be judged soon thereafter. It is suggested that the exhibitor furnish a written statement giving the name of the exhibit and a brief statement explaining the nature, source and important qualities of same. While it is preferred and intended that this class is for service and reward to bona fide originating parties or agencies, it is not necessary that the exhibit be entered by the originator. It is necessary, however, that it must be both new and meritorious and at least closely related to the fruit, flower or vegetable families.

Exhibitors must state on entry blank exact number of animals entered.

Stall fee: One dollar for each animal entered. If more than one is used for any one animal, an additional fee must be paid.

See general rules under entries.

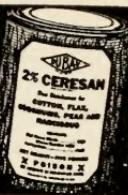

All cattle must be accompanied by a health certificate and tuberculin test chart issued by a qualified veterinarian and approved by the State Veterinarian showing the animals to be free from tuberculosis and Bang's disease. If the entire herd has been tuberculin tested within a year of the opening of the Fair and no untested cattle have been added, cattle from such a herd may be shown without further tests. Otherwise the cattle for exhibit shall be tuberculin tested within 60 days of the Fair. Cattle from a herd, all of which have been tested for Bang's disease within the year without reactors and no untested animals have been added, may be shown without further tests. Otherwise the cattle for exhibit shall be tested within 30 days of the Fair. The certificate and test chart must accompany the cattle, and they will not be permitted to enter the barns until the certificate and test chart is submitted to the director or his authorized representative.

The tuberculin test must have been applied within a reasonable time preceding the opening date of the Fair. The right is reserved to reject an entry or to remove same after entered, should our veterinarian find the animal is affected with a communicable disease.

All females thirty-six months of age must have produced a living calf, and entries must be accompanied by affidavits of date of birth of last calf, or give satisfactory evidence of being in calf.

Any bull, thirty-six months old or over on the first day of September of year in which shown that has not dropped to his service during the twelve months preceding said date one or more living calves will not be eligible to show.

All applicants for entry of cattle must be accompanied by the name of the breeder, name, number, age and date of birth, and name and number of sire and dam of the animal to be exhibited.

All animals exhibited in this Department must be recorded with their respective associations.

Special Herdsman's Prize page 33.

All animals entered for exhibition must be in place not later than 10:00 o'clock a.m., Tuesday, October 10, 1939.

Exhibitors will be required to have blankets removed from all exhibits between the hours of 9:00 a.m. and 4:00 p.m., each day of the Fair.

When on exhibition in the ring, each animal must be under halter and in charge of owner or employe.

Only first premium animals in individual classes will be eligible to compete for championships.

The director or ring clerk shall obtain names and record numbers of all animals composing herds and groups, where regularly entered or substituted, that such data may be included in report of awards.

When an award is made, special attention should be given to see that name is correctly entered in the award book.

The manager reserves the right to reject and return entries after available space in the buildings is taken or for any other cause.

SHEEP

Amount Offered For Sheep.....\$473.00

Amount Offered by Fair.....\$398.00

Amount Offered by Specials..... 75.00

Do not make entries in championship classes.

Exhibitors must specify on entry blank the number of animals entered and the number of pens wanted.

Pens, \$1.00 each.

All animals entered for exhibition must be in place not later than 10:00 a.m., Tuesday, October 10th.

All animals over three months old must be recorded and appear in the name of the exhibitor on the records of their respective associations. Animals recorded in individual names cannot be shown in name of firm or of the farm, but must be shown exactly as they appear on the records. This rule is fair, and will be strictly enforced. See rules.

Exhibitors must be prepared to show certificates of registration if called for.

The judges are requested to give special attention to actual merit and in order to avoid mistakes it is their duty to inquire as to time of shearing, manner of fitting, age of lambs, etc.

Misrepresentation in any form on part of exhibitor or agent forfeits all premiums awarded.

A breeder's flock shall consist of one yearling ram, two yearling ewes, and two ewe lambs, bred and owned by exhibitor.

Get of sire shall consist of pen of four lambs under one year, either sex, and get of one sire, bred and owned by exhibitor.

All sheep entered must be in apparently healthy condition. The right is reserved to reject an entry or to remove same after entered should our veterinarian find that the animal is affected with a communicable disease.

The clerk of awards must take special pains after an award is made to properly enter it on the records. It is absolutely necessary that the name of animal, registry number, date of birth, and ear tag number be given for all animals awarded prizes.

In case a substitute animal is shown, or in case this data was not given and recorded in judge's book at time entries were made, it must be supplied by the clerk. Records of awards must be complete in every detail or premiums will not be paid.

*Judge: PROF. J. P. LAMASTER, Head, Dairy Department,
Clemson College, S. C.*

Judging schedules as indicated under each breed.

Director reserves right to change this schedule should unusual circumstances warrant such change in any of Dairy Classes.

Amount Offered in This Section.....	\$2,235.00
-------------------------------------	-------------------

Entries in this Department close October 7th, 6:00 p.m.

Make your entries early.

Entries are limited to North Carolina.

Exhibitors must state on entry blank name and registration number of every animal entered and date of birth.

Stall fees: One dollar for each animal entered. If more than one is used for any animal, an additional fee must be paid.

See General Rules under Entries, pages 21 to 33.

Do not make entries in Champion Classes.

IN DAIRY BREED CLASSES

A Senior Yearling is one dropped between July 1, 1937, and January 1, 1938.

A Junior Yearling is one dropped between January 1, 1938, and July 1, 1938.

All calves dropped since July 1, 1938, and over four months of age, shall be shown in the Calf classes.

Exhibitor's Herd shall consist of one bull, two years old or over; one cow, two years old or over; one heifer, two years old and under three; one yearling heifer and one senior heifer calf, all owned by the exhibitor.

Yearling Herd shall consist of one bull, one year old and under two, and two yearling heifers. Females must be bred by exhibitor and all owned by exhibitor.

Calf Herd shall consist of one bull and two heifers, all under one year old and all bred and owned by exhibitor.

Get of Sire shall consist of four animals, any age, the get of one sire. Get need not be owned by exhibitor.

Produce of Dam shall consist of four animals, any age, the produce of one cow. Produce need not be owned by exhibitor.

The ages of all animals in two-year-old class and those older, as well as senior yearlings and senior calves, shall be computed to July 1st, while the ages of juniors will be computed to January 1st. Cows 36 months old or over on July 1st of year in which shown, to be eligible to the show, must have produced a calf carried to maturity within 18 months preceding said date. Any bull 36 months old or over on first day of July of year in which shown, that has not dropped to his service one or more living calves during the 12 months preceding said date, will not be eligible to the show.

Complete information must be given on the entry blank. Registration certificate for every animal entered must be submitted to the Superintendent or his assistants upon request.

All cattle must be accompanied by a health certificate and tuberculin test chart issued by a qualified veterinarian and approved by the State Veterinarian, showing the animals to be free from tuberculosis and Bang's disease. If the entire herd has been tuberculin tested within a year of the opening of the Fair and no untested cattle have been added, cattle from such a herd may be shown without further tests. Otherwise the cattle for exhibit shall be tuberculin tested within 60 days of the Fair. Cattle from a herd, all of which have been tested for Bang's disease within the year without reactors and no untested animals have been added, may be shown without further tests. Otherwise the cattle for exhibit shall be tested within 30 days of the Fair. The certificate and test chart must accompany the cattle, and they will not be permitted to enter the barns until the certificate and test chart is submitted to the Superintendent or his authorized representative.

All cows in the dairy breeds, to be judged in the morning, shall be milked at 6:00 p.m. on the day previous to being judged. Dairy cows to be judged in the afternoon shall be milked at 6:00 a.m. of the same day. The judge may, at his option, require any cow to be milked while in the ring or before the awards are made.

Special Herdman's Prize, page 33.

Produce of dam shall consist of four swine, any age, the produce of one sow.

Breeder's young herd shall consist of one boar and three sows, under one year old, bred and owned by exhibitor.

Exhibitor's herd shall consist of one boar and three sows, over one year old, all owned by exhibitor.

All animals entered for exhibition shall be in place not later than 10:00 a.m., Tuesday, October 10, 1939.

Section 10 of the Regulation No. 3 of the Livestock Sanitary Laws and Regulations of the North Carolina Department of Agriculture is as follows:

"All swine exhibited at any agricultural fair, or other exhibit within this State, must be accompanied by an affidavit from the owner, certifying that such swine are apparently free from any symptoms of a contagious disease; that they are from premises where no known contagious diseased swine exist, and that they have been properly inoculated with serum alone not less than seven days nor more than thirty days, or with the serum and virus not less than thirty days immediately prior to being placed on exhibit."

All entries must comply with this section. The right is reserved to reject an entry, or to remove same after entered, should our veterinarian find that the animal is affected with a communicable disease.

The Superintendent or ring clerk shall obtain names and record numbers of all animals composing herds and groups, where regularly entered or substituted, that such data may be included in report of awards.

Chester Whites and O.I.C.'s will be shown in the class with Spotted Poland Chinas.

Amount Offered in This Department.....\$2,160.00

Entries in this department close Wednesday, October 4, at 6 P.M.

Entries must be made on printed forms provided by the secretary for that purpose and must be in full compliance with the printed instructions on same. Study the list carefully, then fill out the entry blank with section number, class, book number, premium list number, and name of breed and variety as they appear in the Premium List. Do not send in your birds for exhibit without first having them entered.

Be sure to list only one bird on each line on entry blank giving breed, variety and sex of each bird. More blanks will be furnished upon request if needed.

Note the above date for the closing of entries in this department.

Positively no entries will be accepted after opening of Fair.

RULES AND REGULATIONS GOVERNING CLASSES

(Read Carefully)

1. Entries in this department will be limited to North Carolina. Breeders and fanciers are cordially invited.

2. No carload or professional string-man exhibit will be allowed to compete for premiums, except those who are owners and breeders of the birds they exhibit, and maintain a breeding establishment sufficient to raise the birds so exhibited.

NOTE: This rule will not be construed to debar any legitimate number of exhibitors from combining and chartering a car to transport their exhibits if by so doing they can save freight and other expenses, but it will be enforced against those it is intended to debar.

3. All entries must be made with Dr. J. S. Dorton, manager, not later than Wednesday, October 4, at 6 o'clock p.m., and entry fees paid in full at the time of entry. Please note carefully amount of entry fees required in various classes. Birds must reach Raleigh not later than 10 a.m. Monday, October 9. Judging will begin promptly at 9 a.m. Tuesday. All birds not in place at that time will be debarred from competition.

4. All shipments of fowls should be plainly marked as to breed, variety, and number of birds in each coop; legband numbers should be noted on entry blanks. The State Fair will not be responsible for errors in cooping or handling birds when this rule has not been complied with.

5. Shipments of fowls should be addressed to Poultry Department, N. C. State Fair, Raleigh, N. C., with all express charges prepaid. They will receive proper attention and be returned to owners at close of Fair, unless other shipping instructions are given. Birds showing disease will not be accepted.

6. The American Standard of Perfection (revised edition) will be the guide of the judges in awarding premiums.

7. The premiums will be paid only on standard varieties listed in this catalog and then on worthy specimens only.

8. The State Fair will employ a competent staff of judges, and their decisions will be final. Protest will be entertained only when accompanied by a fee of \$5.00, this fee to be forfeited unless protest is sustained by a majority of the judging staff.

9. All birds are entered at the risk of owners. The State Fair will not be responsible for loss by fire or otherwise, but will exercise all possible vigilance in the care of exhibits at the Exhibit Hall. The management reserves the right to coop one or more birds of the same variety and belonging to the same person together if absolutely necessary. In no case will two male birds be placed in the same coop.

10. After judging, the management will endeavor to place on the coops any advertising matter supplied by the exhibitor for his coop.

11. Premiums will be paid only to worthy specimens. To win first premium a bird must score at least 88 points, second premium 87 points, less than 87 points, third and fourth prizes will be awarded.

No one will be allowed to handle fowls on display except owners or officials of the show without permission of the directors.

Read rules governing entries, exhibits and awards, pages 21 to 33.

Definition of Terms Used in Premium List

HOME DEMONSTRATION DIVISION OF THE NORTH CAROLINA EXTENSION SERVICE

Department I

RUTH CURRENT, State Home Demonstration Agent, General Director

It is the desire of this department to exhibit materials that will interest all passersby; also, influence observers to study facts presented and carry away practical ideas showing new or improved home practices for the farm family.

This department is desirous of having high standards and good workmanship. Please send only the best to us. Let's make the department the best at the State Fair by checking on our standards.

Entries confined to North Carolina.

Entries in this department close Monday, October 9, at 1:00 p.m.

Entries in all departments must be made on printed forms provided by the Secretary for that purpose and must be in full compliance with printed instructions on same. Exhibitors should study the list carefully, and when decision has been made in which classes to enter, should fill out the entry blank with class number and name as they appear in the Premium Book. Do not send in your articles for exhibit without first having had them entered by October 7, 1939.

Note the above date for the closing entries in this department. Positively no entries will be accepted on the first day of the Fair.

Articles entered in single classes cannot be shown in displays.

All entries must have been prepared by the exhibitor within the year 1939.

All exhibits must be in place by 9:00 o'clock a.m., Monday, October 9.

In order to award the premiums intelligently in this department, it is necessary to open the containers and make close inspection.

b. Appropriate size	5
5. Pack arrangement	15 points
6. Container	15 points
a. Appropriate package	5
b. Neatness	5
c. Label	5
Total.....	100 points

Explanation of Score Card

Color—That of natural fruit or vegetable.

Clearness—Syrup or liquid clear, free from seeds, etc.

Texture—Tender, yet not overcooked. Only young and tender vegetables should be canned.

Flavor—The natural flavor should be preserved as much as possible. In canning fruits, too much sugar should not be used.

Ripeness—Uniformly well-ripened products; no defective or overripe fruits or vegetables.

Appropriate size—Graded and sorted fruits and vegetables. Uniformity of shape and size.

Pack—Arrangement with reference to symmetry and best use of space within the jar. As large a proportion of solids to liquid as possible. Attractiveness of pack should be considered.

Container—Containers should be uniform and of shape and size practicable to average home. Labels should be suitable, uniform and neat, and should be placed under bottom of jar.

Preference will be given to articles exhibited in clear glass containers.

Unless article is of good quality, no premium will be awarded.

2. 4-H Livestock Judging
3. 4-H Exhibits
4. Special Awards

GENERAL RULES

Club members to enter any of the State contests must be actively engaged in 4-H club work during the current year.

Any club member who has had more than six weeks of college work will not be eligible to enter any 4-H judging or demonstration contest. 4-H club members who are college students will not be eligible for any

4-H judging or demonstration contests, but may enter individual exhibits, provided they are in their freshman year.

Entries in this department will be open to 4-H club members only, and must be produced or grown by the club member exhibiting them.

No entry fee will be charged in this department.

4-H club members who exhibit in more than one class of livestock must provide extra leaders for animals in case of conflict in time of judging. For example: If a boy exhibits a pig and a calf, he must secure another person to lead the calf or drive the pig in case both are judged at the same time.

Free admission will be granted to coaches and members of 4-H judging teams.

Where more than one entry in a class is made by an individual or a county, only one premium money will be paid, provided the classification is filled. If not filled, next place money will be paid.

Members of championship teams or sweepstakes individuals in former State Fair judging contests will not be eligible to compete for these awards.

Read rules governing entries, exhibits, and awards, pages 21 to 33.

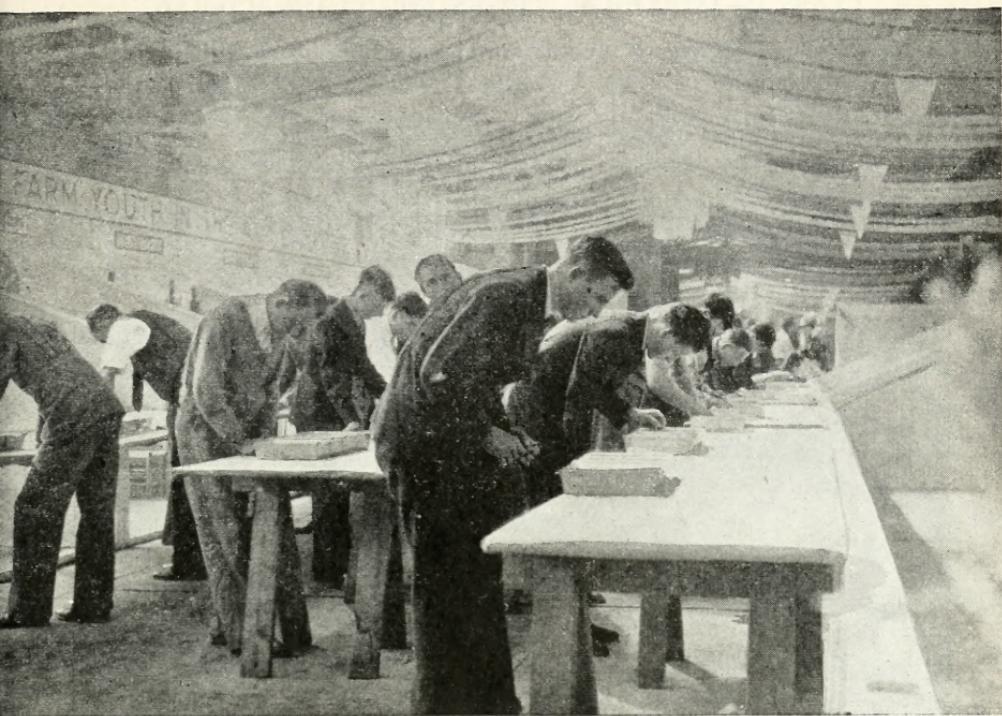

SPECIAL EDUCATIONAL EXHIBIT

This display will portray some of the more important phases of the program of 4-H club work as it is conducted in the various counties in North Carolina in the training of farm youth in the art of living and will consist of five booths featuring some specific examples of the program as it is conducted. Exhibits will be scored on the following basis:

4-H SEED JUDGING CONTEST

(PROFESSOR J. B. COTNER *in Charge*)

In the seed judging contest each county in the State will be permitted to enter one team, consisting of three members. The members of this team should be required to win the right to represent the county in this contest in the local contests held in the county from which they come.

The contest of seed judging will be held on Friday, October 13, beginning at 10:00 a.m. All contestants entering this contest are requested to meet Professor Cotner in the Main Exhibit Hall at 9:30 a.m.

Each contestant will be required to judge several classes selected from the following kinds of seed: Prolific corn, wheat, rye, oats, soybeans, cowpeas, clover, and grass seeds. Contestants will be scored upon the manner in which they place the exhibits, and will not be required to write the reasons. The sum of the individual scores will make the team score.

JUDGING SHELLED SEED CORN

A good sample of shelled corn may be described as having a bright color, uniform, plump, well-shaped kernels. The kernels should be fairly hard (not soft and starchy), free of blisters or discolorations or excess cob chaff at kernel tips. The sample must be pure as to variety as shown by typical color of the kernels and cob chaff, size and shape of kernels.

OFFICIAL SCORE CARDS—INTERNATIONAL—1937
SHELLED CORN—SCORE CARD

Freedom from disease	20 points
Plumpness of kernel tips.....	10 points
Freedom from excessive white starch.....	20 points
(Starchiness)	
Condition of germ face.....	15 points
Size and shape of kernels.....	10 points
Freedom from damage.....	10 points
Uniformity	15 points
	<hr/>
	100 points

Freedom from Disease—Indications of disease are moldiness, yellow or brown staining near kernel tips, lack of luster. A flinty, lustrous appearance is associated with freedom from disease. Dry rot is frequently found in corn.

Plumpness of Kernel Tips—Shrunken kernel tips are considered to indicate immaturity. Mature, well-developed kernels are desirable.

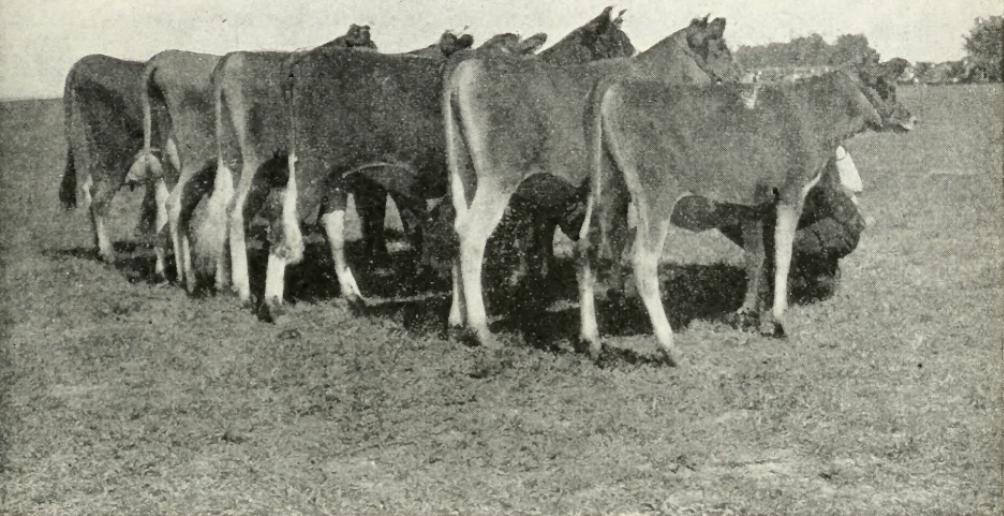

Freedom from Excessive Starchiness—Excessive white starch may be found either at the tip, on the back, or near the crown of the kernel. In general, a starchy condition of the kernel tips is considered to be most objectionable.

Condition of the Germ Face—Refers to freedom from blistering or discoloration. A badly blistered or dark-colored germ face indicates that the germ has probably been injured by freezing.

Size and Shape of Kernels—Under this point distinctly narrow, thin or pointed kernels would be considered objectionable.

Freedom from Damage—Refers to the presence of cracked, broken kernels, or mouse-damaged kernels. Kernels with tip caps broken off are included under this heading.

Uniformity—Uniformity in size and shape and color of kernel indicates freedom from mixtures of varieties or types.

4-H CALF EXHIBITS

(J. A. AREY, *in Charge*)

RULES

Entries in this department must be made on or before October 7th.

The top three calf club calves in each class are eligible to be shown in the open classes.

All calves shown in this department must be registered in the member's name or jointly with the club member and parent. (Starting with the 1939 North Carolina State Fair, all entries are to be registered in the club member's name only.)

County groups may be entered in the name of the county or county agent, but the club member's name must appear on the entry blank.

A county group shall consist of six (6) or more 4-H Club animals, but in no case shall more than two animals from any one county be shown in any one class.

In showing for county group awards, only six animals are to be shown, and at least three separate herds must be represented in this group.

No entry or stall fee will be charged for club calves.

Excepting groups, all animals must be shown in the judging arena by the owner or a bona fide 4-H Calf Club member.

4-H POULTRY CLUB SHOW

J. W. HENDRICKS *in Charge*

Shipment of birds should be made to State Fair Grounds, Raleigh, N. C. All the rules that apply to regular exhibitors and exhibits will apply to this department, with the exception that no entry fees for birds exhibited by members of the Boys' and Girls' 4-H Clubs will be charged.

Entries in this department will close Wednesday, October 4, 1939 at 6:00 p.m.

Entries in all departments must be made on the printed form provided by the Secretary for that purpose, and must be in full compliance with the

printed instructions on same. Exhibitors should study the list carefully, and when decision has been made in which class to enter, should fill out the entry blank with Book Number, Premium List Number, and Name as they appear in the premium book. Do not send in your birds for exhibit without first having had them entered.

Note the above date for the closing of entries in this department.

Positively no entries will be accepted at the Fair.

All specimens will be judged according to the revised edition of the American Standard of Perfection. Any specimen not worthy will not be awarded any premium. Prizes will be awarded to varieties as given below.

Two entries are required to fill a class; if one entry is received, second premium will be paid.

4-H CLUB GIRLS' EXHIBIT

Representing 21,429 White Club Girls in North Carolina

The exhibits shown in this department represent the project activities of 4-H Club girls. The exhibitors have excelled in the projects which they have conducted, and for that reason have been asked to participate in the State Fair. Foods and Nutrition, Room Improvement, Clothing and Food Conservation are the projects to be included in this display.

The Danish or Group Judging Plan will be used; that is, all exhibits will be divided into three or more groups, such as the Blue, Red, and White. All the entries in each group will receive a ribbon of the same color. The prize money available will be divided so that the blue ribbon winners will all receive an equal amount; red ribbon winners will receive less money; the white ribbon winners a smaller amount than the red; and exhibits placed in a lower group will receive no money.

In this way all exhibitors may know how their products compare with others.

WELL-PLANNED MEAL FROM THE 4-H CLUB GIRL'S CANNED SUPPLY

\$59.00 will be offered in prizes.

- 1439—\$30.00 Blue Ribbon Group—Three exhibits will be selected for this group.
- 1440—\$20.00 Red Ribbon Group—Four exhibits will be selected for this group.
- 1441—\$9.00 White Ribbon Group—Three exhibits will be selected for this group.

The exhibit shall consist of:

1. Five jars of food canned by a 4-H Club girl. It may consist of fruits, vegetables, preserves, juices, meats, pickles or relishes, or other foods suitable to use for an emergency meal—dinner or supper.

2. A complete menu for the meal in which the five jars of food exhibited are used. For this menu bread and butter, potatoes or rice, a raw leafy vegetable and a beverage may be listed to supplement the food exhibited.

These exhibits shall be put on by club girls who *have knowledge of meal planning.*

Six thousand, six hundred and thirty-five club girls were enrolled in Foods and Nutrition in 1938. Ten exhibits from the State will be shown, two from each Home Demonstration District.

COMPLETE COSTUME

\$115.00 will be offered in prizes.

1441a—\$60.00 Blue Ribbon Group—Three exhibits will be placed in this group.

1442—\$40.00 Red Ribbon Group—Four exhibits will be placed in this group.

1443—\$15.00 White Ribbon Group—Three exhibits will be placed in this group.

This exhibit shall consist of:

1. All articles of clothing that a girl wears at one time, including dress, shoes, brassiere, slip, panties, or bloomers, hose, corselette or girdle if worn, hat and other accessories. The dress and slip must have been made by the girl. Shoes, hose, brassiere, girdle, panties, and accessories must have been made or selected by the exhibitor.

2. The following information must be mailed to Miss Frances MacGregor, N. C. State College, two weeks prior to the Fair:

- (a) A statement of the purpose of the costume.
- (b) Picture of girl wearing complete costume 3" x 5".
- (c) An itemized cost statement of the costume, with cost of each item listed separately.
- (d) A statement of the girl's age, height, weight, type, build, complexion, hair, eyes.

3. The complete costume may be chosen for school, sports, best wear, or party. Be sure to label class.

Twelve thousand, eight hundred and one club girls conducted clothing projects in North Carolina in 1938. Ten exhibits from the State will be shown, two from each Home Demonstration District.

ONE UNIT FROM GIRL'S OWN BEDROOM

\$115.00 will be offered in prizes.

1444—\$60.00 Blue Ribbon Group—Three exhibits will be placed in this group.

1445—\$40.00 Red Ribbon Group—Four exhibits will be placed in this group.

1446—\$15.00 White Ribbon Group—Three exhibits will be placed in this group.

The exhibit shall consist of:

1. A dressing, reading, writing unit or bed unit, from the room, and shall include not less than five articles.

2. The exhibit shall be the work of a 4-H Club member enrolled in a Room Improvement Project during 1938-39.

3. The exhibit shall be accompanied by a note book which shall include the following items:

- (a) Photograph or diagram of the room before and one after the improvement has been made.
- (b) A floor plan showing openings and arrangement of furniture and one showing the arrangement of pictures and furniture for each wall.
- (c) A color scheme of the room, including color and kind of woodwork, wall covering, floor covering, and type of furniture.
- (d) Explanatory story of the work done in improving the room.
- (e) Name and age of exhibitor.

4. Exhibits will be shown on a wall and floor space approximately 5x7 feet.

5. An itemized statement of the cost of the unit alone and a statement of the type of unit should be sent to Miss Frances MacGregor, N. C. State College, that cards and lettering may be uniform.

Two thousand, six hundred and ninety-nine club girls were enrolled in Room Improvement Projects in 1938.

Ten exhibits will be shown in this display, two from each Home Demonstration District.

WINDOW TREATMENT OF A 4-H CLUB GIRL'S OWN BEDROOM

\$59.00 will be offered in prizes

1447—\$30.00 Blue Ribbon Group—Three exhibits will be placed in this group.

1448—\$20.00 Red Ribbon Group—Four exhibits will be placed in this group.

1449—\$9.00 White Ribbon Group—Three exhibits will be placed in this group.

The exhibit shall consist of:

1. The actual window treatment of a 4-H Club girl's own bedroom.
2. The exhibitor should have been enrolled in a 4-H room improvement project in 1938-39.
3. The exhibit shall be accompanied by one chart, size 11x14" showing colors involved either through actual samples of material, or paint of the same color, including color and kind of woodwork, wall covering, floor covering, and type of furniture.
4. The exhibit will be exhibited on a wall space approximately 2 $\frac{1}{2}$ x5 feet (a standard window).
5. Shall be accompanied by a statement of the treatment of one window only.

Ten exhibits from the State will be shown, two from each Home Demonstration District.

RULES GOVERNING EXHIBITS

1. Any county or city administrative unit may submit one application. The exhibit may represent the work of one or more schools in the administrative unit.

2. The exhibit should be the outcome of actual school or classroom activities and must be built around some central, unifying theme. For example, the exhibit might be the outcome of school and community programs in health, safety, music, art, physical education, reading, science or other sub-

ject fields. Or the exhibit might represent a unit of work from a classroom. Miscellaneous collections of school work will not be acceptable. The exhibit may represent the work of one or more grades or the school as a whole, provided there is a unifying element.

3. Applications should be filed not later than September 15, on blanks furnished by Egbert N. Peeler, State Textbook Commission, Raleigh, N. C.

4. Applications will be considered in the order received but the committee in charge of applications reserves the right to reject any application received in order that the different phases of school work may be exhibited, due notice of rejection or acceptance of the application to be sent the applicant.

5. Counties and cities desiring to submit winning exhibits of local fairs may make a blanket application, the name of the school to be supplied not later than October 4.

6. Schools accepted by the committee will be furnished the necessary additional information and a diagram giving dimensions of the exhibition booths.

GENERAL REGULATIONS

1. Entries close Saturday, October 7, 1939. No entries will be accepted after this date.
2. Entries in all departments must be made on printed forms provided by the Secretary for that purpose, and must be in full compliance with the printed instructions on same. Exhibitors should study the list carefully and when decision has been made in which class to enter, should fill out the entry blank with class number and name as they appear in the Premium Book. No object can be entered in more than one class or under more than one number. Do not send your articles for exhibit without first having had them entered.
3. Entries are confined to residents of North Carolina.
4. Exhibitors will be allowed not more than two entires under any class number.
5. Pictures should be framed or **properly matted**.
6. No modeling in soft or unbaked clay will be accepted.
7. No exhibit will be received which was drawn, painted, modeled, or produced previous to October 1, 1938. This is done to prevent the use of old materials or objects that have been previously exhibited.
8. Exhibits must be carefully boxed or crated and sent by express prepaid or Parcel Post insured, or delivered in person, to Dr. J. S. Dorton, Manager, North Carolina State Fair, Raleigh, N. C., and labeled Art Department.
9. No person under 16 years of age may submit work.
10. In order to have an Art exhibit of a high standard, a committee of two competent professional artists will pass upon the work entered to eliminate the work which is poorly done and decide that entries conform to all regulations. Quality and **originality** of the work will be the leading factors in the placing of awards. No copies will be considered or exhibited.
11. If entries are not of merit, though they should be the only entries in that particular class, judges retain the right to make no award.
12. Entries may be called for at 9:30 Saturday night, October 14, 1939, or before 10 o'clock Sunday morning. All entries not called for by this time will be shipped to the owners c.o.d.

FARM MACHINERY AND TRACTORS

Department O

DAVID S. WEAVER, *Director, State College, Raleigh, N. C.*

Modern farm machinery has been developed for practically every farm operation, but the farmers of North Carolina have been slow to adopt machines when there was an abundance of farm labor. Gradually, however, machinery is being substituted for horse and human labor in the field. In spite of our high standing in total value of farm crops produced, we make a very poor showing on a per capita income of farm workers basis. Part of this showing may be attributed to the fact that the equipment with which our farm workers provide themselves is not up-to-date and efficient.

Practically every farm machinery manufacturer of any size is concentrating a large sales effort in the Southeast, because, they together with other leading industrialists and thinkers of the nation, realize that to a large extent the future of the nation lies in the South. The South's ability to produce raw materials is unsurpassed, and gradually industry will take advantage of this fact.

The North Carolina State Fair offers an excellent opportunity for bringing to the attention of its thousands of rural visitors the many advantages and improvements of modern farm equipment. A large area has been set aside on the Fair grounds in a most advantageous location, being on the main thoroughfare of the grounds. This means that this prominent position will bring practically every Fair visitor to the exhibits of farm machinery, tractors, road machinery, et cetera. An area for demonstrating tractors, machinery, and trucks is available. Manufacturers may obtain space for displaying their products by writing the manager of North Carolina State Fair, Raleigh, N. C. Space is available at very reasonable rates, and application should be filed as early as possible.

All exhibits must be completed for public inspection by Monday, October 9th.

HORSE- AND MULE-PULLING CONTEST

Department P

DAVID S. WEAVER, PAUL L. FLETCHER, *Directors, Raleigh, N. C.*

On Thursday and Friday, a horse- and mule-pulling contest will be held. Prizes will be:

	For Teams Weighing Less than 2500 lbs.	For Teams Weighing 2500 lbs. and above
1506—First Prize	\$60.00	\$60.00
1507—Second Prize	40.00	40.00
1508—Third Prize	30.00	30.00
1509—Fourth Prize	20.00	20.00

This pulling contest is the last of a series held in the State during 1939. Teams from all sections of the State are invited to participate. This type of contest has been held for a good many years in the Middle West and is now being carried on extensively in the East. It provides interesting and educational entertainment for people who view it, as well as giving an opportunity for noticing the better effects of good breeding, good hitching, and good horsemanship in obtaining maximum work from draft animals.

The testing is done with a machine known as a dynamometer, which has been purchased by the Department of Agriculture and which is arranged so as to provide an accurate, quickly adjustable, and predetermined load for the teams to pull. Teams will be divided into classes according to weight if enough variation in weight in the entries exists.

The winner of this pulling contest will be known as the 1939 state champion pulling team. As noted above, attractive prizes are offered for this event.

All contestants must provide their teams with strong and adequate harness. Doubletrees and singletrees need not be brought to the Fair grounds. Loud and abusive language will not be permitted, nor will whipping of teams be permitted. Address all inquiries for information to David S. Weaver, Box 5155, State College Station or to Paul L. Fletcher, Department of Agriculture, Raleigh, N. C.

SKYSCRAPER DESKS

THE Skyscraper Desk, a product of the Shaw-Walker Company, is today's choice of business men whose first thought is "An Investment in Permanent Beauty."—These foresighted buyers will be as proud of their beautiful modern Skyscraper equipped offices in 1959 as they are today because they wisely chose a modern desk that is ageless in design.

In a few years when the "dated . . . fad" desks of 1939 are obsolete, the buyer, whose office is an eyesore filled with these desks, will remember the salesman who recommended their purchase.

Whether your office is large or small, you want the finest appearance combined with efficiency. The Shaw-Walker desk provides both.

Offering this complete line, we will be glad to discuss your business furniture requirement.

You can see these modern desks in our store. Drop in and decide for yourself how easy it is to Modernize with the Permanency of Skyscraper Desks.

"Streamline" BANKING

In the transportation field of motor cars and railroads a new word—"streamline"—has forged to the front. To thousands of people it means "new, modern, and up-to-date." While the term refers primarily to appearance, mechanically it represents the accumulated experience of transportation engineers over many years.

In banking there is no single word to describe the modern financial services. But in types of services, in speed, in accuracy, and every-day convenience to customers, banking is keeping abreast of the times. The twentieth-century tempo of business would be impossible without the widespread facilities of the modern American system of banking.

This bank is an active unit in our nation-wide banking system. We invite you to make use of our services in your daily financial affairs.
